Portfolio

SUMMARY

A highly motivated Engineering graduate with hands-on experience in full-stack development using Python, Django, and modern frontend technologies. Proficient in building end-to-end web applications, designing scalable backend systems, and managing databases with Django ORM. Skilled in developing RESTful APIs and seamlessly integrating frontend and backend components using JavaScript, HTML, CSS, and SQL. Passionate about creating responsive, user-friendly applications while continuously enhancing technical expertise.

TECHNICAL SKILLS

- Languages:** Python, JavaScript (ES6+)
- Frontend:** HTML, CSS, React.js, Responsive UI
- Backend:** Django, Django REST Framework (DRF), Django ORM
- Databases:** MySQL, PostgreSQL, Oracle (Basic)
- Tools:** Git, GitHub, VS Code, Postman
- Cloud & Deployment:** AWS (Basic), Render
- Development Concepts:** REST API, Authentication, Authorization, OOPS, Debugging, API Integration, DSA (Basic)

PROJECTS

Hotel Booking Web Application | Django, Python, PostgreSQL, HTML, CSS, JavaScript

- Developed a scalable full-stack hotel booking platform using Django and PostgreSQL, implementing REST APIs, JWT authentication, and optimized queries improving performance by 25% and reducing response time by 30%
- Designed and implemented role-based authentication (user & vendor) with email/OTP verification, reducing unauthorized access risk.
- Integrated a third-party payment gateway and automated email notifications for booking confirmations and reservation updates.
- Developed fully responsive UI components using HTML, CSS, and JavaScript for seamless cross-device experience.

Weather App | React.js, Open Weather API, Material UI

- Built a responsive single-page weather application consuming the Open Weather RESTful API to display real-time weather data for any location.
- Implemented asynchronous API calls with React hooks (use State, use Effect), conditional rendering, and comprehensive error handling.
- Followed React best practices including component-based architecture and reusable UI elements with Material UI.

Portfolio Website | React.js, Tailwind CSS, JavaScript

- Designed and developed a responsive personal portfolio website to showcase my skills, projects, certifications, and contact details.
- Implemented reusable React components and modern UI styling using Tailwind CSS for a clean and professional user experience.
- Deployed the application online using Vercel for easy recruiter access.

EDUCATION

Bachelor of Technology in ECE – Vignana Bharathi Institute of Technology

CGPA: 7.4/10 | Oct 2022 – July 2025 | Hyderabad, Telangana

Diploma in ECE – TKR College of Engineering and Technology

CGPA: 7.4/10 | June 2019 – May 2022 | Hyderabad, Telangana

SSC (X) – Geethanjali High School

CGPA: 9.3/10 | June 2018 – May 2019 | Nagar Kurnool, Telangana

CERTIFICATIONS & ACHIEVEMENTS

- Python Programming — GeeksforGeeks
- SQL for Data Analysis — Analytics Vidhya
- Participant — E-Hack 6th Edition, Two-Day Hackathon Workshop
